

**Take Work Outdoors | For A Better
Working Life**

HYVE

The Iconic
Modular
Creative
Workspace

Modern

There is a growing awareness in forward thinking innovative companies of the benefits of flexible, user friendly workspace.

Pods, breakout rooms, collaborative and personal areas have proved their worth in so many companies.

HYVE goes a step further....

***Taking the workplace outdoors –
for a better working life***

Multi-use

- Corporate
 - Hospitality
 - Education
 - Prime Residential
-
- Meetings
 - Office
 - Co-Working
 - Breakout
 - Fitness
 - Learning
 - Working from home

Individual

Starting with just one simple 2.5m module the HYVE may be personalised in many different ways to achieve that individual finish every time.

Glazing positions, interior finishes, power and furniture packages can all be adapted to meet each specific requirement.

Create | Communicate | Collaborate

Modular

The unique modular construction means the HYVE can be used as single units or combined in many different combinations to form larger spaces.

Scope to expand the space by adding extra modules or opening internal partitions allows the HYVE to grow when you do.

A diagonal photograph on the left side of the slide shows a roll of green grass being unrolled onto a dark, prepared surface. The grass is vibrant green with some brown roots visible at the bottom of the roll.

Complete

All planning, site preparation and installation work included for a truly seamless turnkey package.

Off-site construction and minimal groundworks enables the HYVE to be installed virtually anywhere without disruption.

Made In Britain – True British Quality

Environmental

Packed with sustainable features like the living roof, FSC timber claddings, insulation and low-energy LED lighting the HYVE is designed to care for the environment at every level.

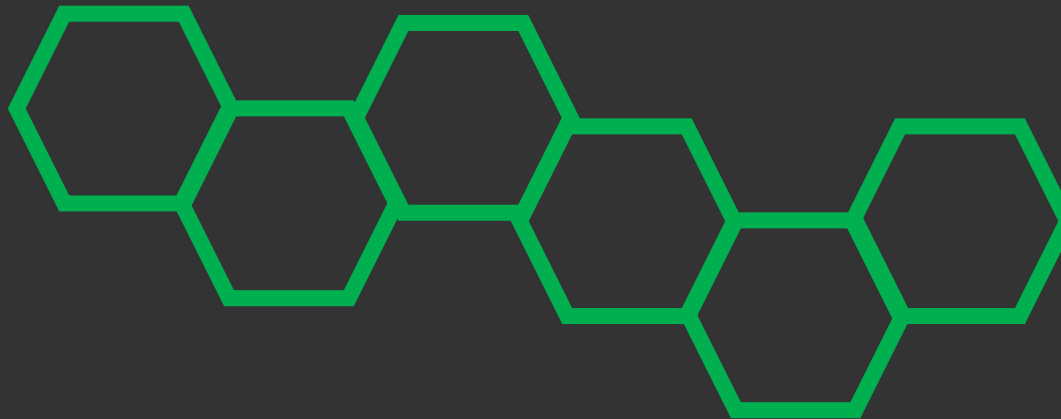

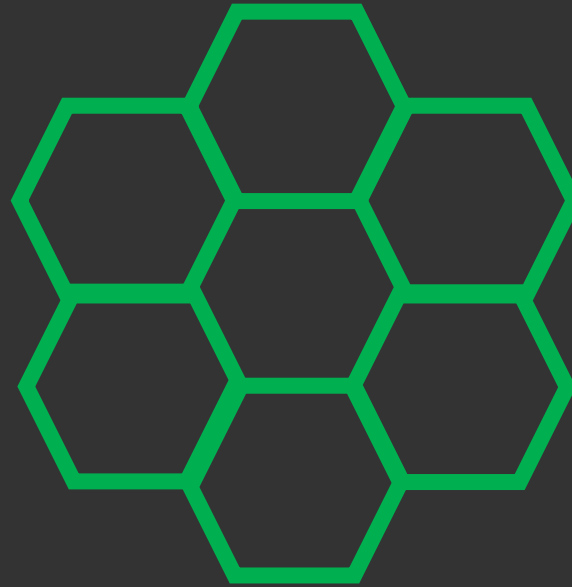

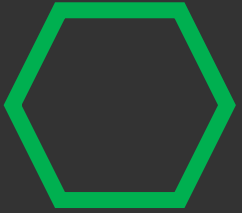

Satisfaction

“We are delighted to be extending our range of outdoor facilities to include HYVE – this will be accessible to all of our Occupiers who wish to take a meeting outside or simply relax by the lake.”

The HYVE ecosystem

Bespoke

The HYVE is as individual as you are and we rarely do two the same.

A right start is key to a successful conclusion so we come to you to identify how HYVE can best fulfil your vision and then we fill in the details from there.

Call us to start the HYVE journey now.
